

TO All Direct Home Healthcare Inc. staff, employed and contracted

03/11/20

Hello everyone,

Corona virus has today been declared a pandemic by the World Health Organization. I wish to use this opportunity to remind all Direct Home Healthcare Inc. staff, employed and contracted to endeavor to take all the guidelines/precautions stipulated by the Illinois Department of Public Health, World Health Organization and UNICEF to prevent this virus infection.

The following Unicef guideline will help to protect everyone, staff, clients and our loved from corona virus.

UNICEF

CORONA VIRUS LIVES ON THE HANDS FOR 10 MINUTES, SO PUTTING AN ALCOHOL STERILIZER IN THE POCKET MEETS THE PURPOSE OF PREVENTION.

UNICEF

CORONA VIRUS WHEN IT FALLS ON THE FABRIC REMAINS 9 HOURS, SO WASHING CLOTHES OR BEING EXPOSED TO THE SUN FOR TWO HOURS MEETS THE PURPOSE OF KILLING IT.

UNICEF

IF THE VIRUS IS EXPOSED TO A TEMPERATURE OF 26-27 ° C. IT WILL BE KILLED, AS IT DOES NOT LIVE IN HOT REGIONS. ALSO DRINKING HOT WATER AND SUN EXPOSURE WILL DO THE TRICK AND STAYING AWAY FROM ICE CREAM AND COLD FOOD IS ADVISED.

UNICEF

CORONA VIRUS LIVES ON THE HANDS FOR 10 MINUTES, SO PUTTING AN ALCOHOL STERILIZER IN THE POCKET MEETS THE PURPOSE OF PREVENTION.

UNICEF

GARGLE WITH WARM AND SALT WATER KILLS THE TONSILS GERMS AND PREVENTS THEM FROM LEAKING INTO THE LUNGS.

UNICEF

CORONA VIRUS WHEN IT FALLS ON A METAL SURFACE, IT WILL LIVE 12 HOURS, SO WASHING HANDS WITH SOAP AND WATER WELL ENOUGH.

UNICEF

**THE VIRUS DOES NOT
SETTLE IN THE AIR
BUT IS GROUNDED,
SO IT IS NOT
TRANSMITTED BY
AIR.**

N/B

Prevention is Better than Cure

Thanks,

Sr. Eucharía Amaefule DON
